Volcanoes Eruptions ..... 2

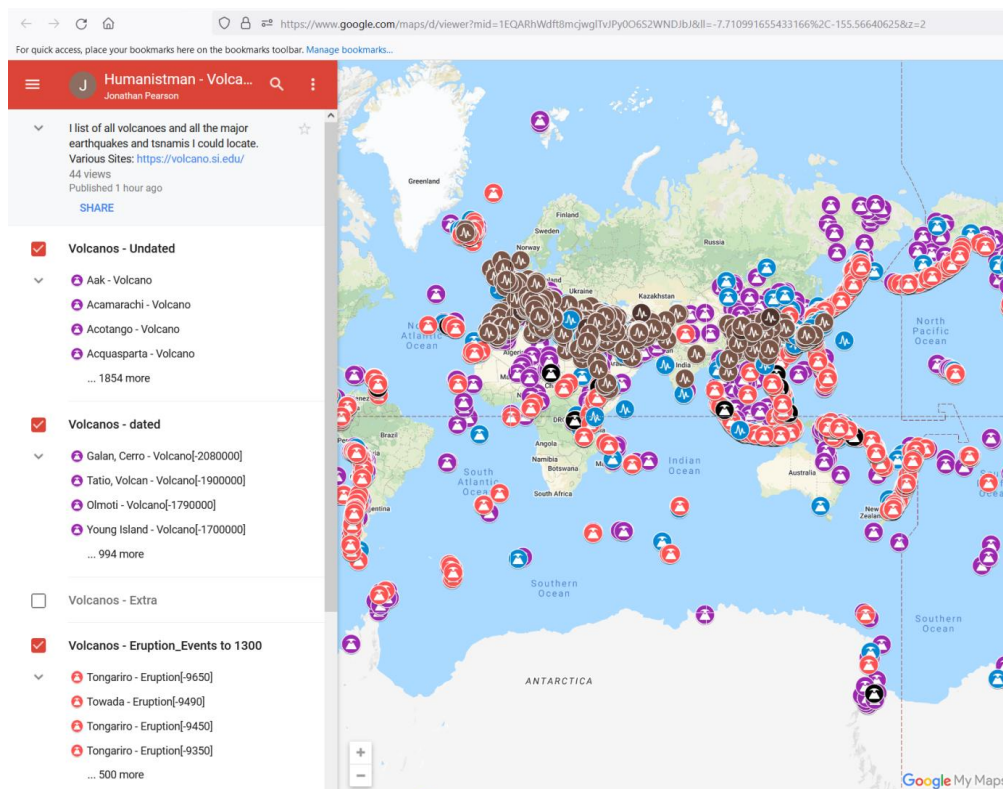

## Introduction

This is the third document in a series of 5 - because of size limits. See the first initial document for details. **Volcanoes** <https://humanistman.com/wp-content/uploads/2021/11/Volcanoes.pdf>

Volcanoes databases have been improved over the last few decades. As I explore human history I see humanity developing at active volcano sites. Tensions, challenge, hypothesis. Something to contend with. My maps are getting too big for Google Maps so I split off the volcanoes into a different set.

Here is a link to my Map

Red volcanoes are recently active and also eruption events.
