Preamble

Why the Establishment Hates This Man | Tommy Robinson | EP 462

<https://www.youtube.com/watch?v=jnhwBoFxaDI&rco=1>

The human scum in Australia needs to be aware of personal consequences. I weep for humanity. Tribal scum dominate politics, courts, police, government, media and universities.

The destruction the family, education, society, business and environment continue at increasing rates. Governments invade and destroy family lives - demonizing, locking up and killing men - educating, encouraging, rewarding and paying women to lie and play the victim to their "hero" narrative.

Greens/Labour political elites lie, steal and corrupt everything they touch and call out the Mob on anyone who dares to question them. The sanctimonious and smug elites now seem to me to be worse than the elites before the French Revolution or the Romans at the time of Caligula

Pig-ignorant corrupt politicians like Penny Wong, Katy Gallagher, Tanya Plibersek, Anthony Albanese, Chris Bowen, Andrew Leigh, Andrew Barr, Jim Chalmers and Mark Dreyfuss are HELL BENT on destroying society until it fits their fairytale deluded 'Sun king Palace' fantasy in narcissistic tyrannical obsession.

Idiot tribal dim-wits and causists destroy everything they touch - courts (magistrates and staff in Canberra - Lorraine Walker, Bernadette Boss, Robert Cook and the rest), Public Prosecutor (Shane Drumgold), Politics (Blacks, Women, Muslims - tribal types, Zealots and weak minded men playing "Hero"), Media (ABC - Board Management and Staff - Women and Black tribal dim-wits, professional liars and grifters like David Anderson and Ita Buttrose), Canberra "Human Rights" (Helen Watchirs, Heidi and her pig-ignorant tribal staff - "Human Rights are not absolute" - they are for women and blacks and when it suits us), The women in Sky media (Peta Credlin "Targets for Women, Sharrie Markson "Free the Women and children"), universities and schools (Respect for women and blacks, Office of women, Black narratives, Keeping women and their children Safe, Sexual Identity and trans gender theories and other child abuse),etc.

Peta Credlin lies - she says thing like "I like to debate" and "Full disclosure" - which is like the Greens/Labour politicians saying we are "Good" people, "You can Trust Us", "Cheaper Electricity" "Women's Safety" "Put Your Mask on" "This Vaccine is safe" "We are bringing prices down" "We are keeping the boarders safe" " Hamas Muslims are great and high migration is a GOOD thing" "Climate Emergency" " Asking people what kind of sex they prefer is a GOOD idea"

Peta Credlin hates debate because she is largely ignorant - a binary tribal type. Like most Women, Blacks, Muslims, Zealots (Binary Tribalists - Haters), they lack cognition skills or a willingness to learn anything or debate anyone. They lack education, skills and interest. Many are habitually (in a loop) fat, dumb and lazy and SMUGLY COMPLACENT - sometimes because they are so well of - fed, housed and supported for doing as little real work as possible. Many believers don't worry about the real world or doing anything in the real world - they believe they will be going to certain heaven and therefore care little about reality.

I can debate Peta and her other man-hating tribal binary dim-wits - feminists, all women (on average) and weak minded men. A Socratic Dialogue. https://en.wikipedia.org/wiki/Dissoi_logoi
Dissoi logoi

Me: So Peta, Why do you hate men so much?

Peta: How dare you. I never said that - stop twisting my words. Women are victims, personal experience, I used to work for the Prime Minister you know, I know things and I am not stupid.

Me: So are you saying that groupthink is good and that women are special because they are victims.

Peta: How can you ignore (You misogynist) the "Reality" that women are treated badly every day - Women ARE different (as a group) and must be treated as group with special needs - including the need to be treated specially because they are victims of men. Women are discriminated against by men.

Me: So you want to legislate special groups like blacks, women and other victim categories like in the Discrimination Act and have an Office of Women and give more money to women and teach men to treat women with "Respect"

Peta: Yes, I love all that group stuff and the victim narrative and we need to do more for women - especially free housing and domestic violence support for women because it's a crisis and getting worse and women are special. The Office of Women is a great idea - but is only the start - we need to do much more. It is not demonizing men - its "Education" - a simple re-education program for boys so they don't turn out like their fathers. I am not saying all men are bad - there are some "good" men but we need to protect ALL WOMEN from the SOME bad men - and to do that we have to constantly tell all men what they need to do - as a group. We need to spend more money on women and keeping women and their children safe. I don't hate men - I love men but they need to be educated by me and other women like me.

Me: So it is not about "The content of your character" or how you behave and what you do - it is which group you belong to? Based on some kind of group subjective relative difference (statistically) in victimhood? So groupthink and tribalism and the tribal victim narratives is how you achieve "Equality" "Diversity" and "Inclusion" is it? (that is what you want, isn't it?) How many women should be working down the mines or in highly paid jobs is it - 50/50 or do you prefer 60% women in the public service like we have now - increased from 40% by nepotism and government mandates? Jobs should be mandated for women?

Peta: Yes women are a different tribe - society needs to be "equal" and "Safe" - I believe in "equality for women" and "safe Places for women". We need to eliminate the barriers to keep women out of highly paid jobs by making education for women cheaper, giving women more opportunity and mandating that women (and blacks) need more money and to be given jobs that suit their needs, wants and skill levels. Diversity and Inclusion are shown to be more "productive" for everyone, everywhere - University studies show this - I went to many universities so I know what I am talking about. Equality is what a woman says it is - when women are equal then I will tell you - When women have what they need and want - then I will tell you - we will have reconciliation between all tribes then.

Me: Do you have any idea of what the consequences of tribal groupthink (binary) and victim narratives might be in your preferred view of the world - on How Everyone Should Be. You don't think it is a little tyrannical and authoritarian do you - and may lead to tribal warfare and other problems?

Peta: No, the world will be much better I believe using my groupthink ideas and victim narratives. I love and want to protect women and advance their cause. We must look after victims. It is a very popular idea and I am on the "Right Side of History" - You know that I am a key strategist for the Liberal party - they get many of their good ideas from me.

Me: Do you know much about History?

Peta: I studied at university and learned a great deal - I know a lot and I am well respected by my peers. I was involved in reading and seeing things that you have not seen and have been privileged to have access into some great information and secrets - so I am very informed, knowledgeable, educated and highly respected. I have written a lot and people listen to me. Many people agree with me and my views. I have very little doubt in my views. We need more "Targets for Women, Not Quotas - Targets"

Me: So what is the "Target" for the number of Men to be released by Hamas or What is the target for the custody of children in Family Court Matters, or What is the target for health funding and outcomes from men?

Peta: I have no idea what you are talking about. We are talking about women and targets - not men.

Me: Why do you hate men so much?

Introduction

The insanity of the west is one thing but **Madness of the west** also comes with rage and violence.

Rampant Tribal warfare, corruption of Commonwealth systems and Laws, widespread graft and corruption by politicians and others.

Increased social disharmony - raised levels of societal stress, a loss of hope, no positive messages or visions - only hysteria, fear, tribal hatreds and the constant victim narrative.

Philosophical Thinking Blocks

Instead of Building Blocks maybe I could put together some thinking blocks? The problem is that Greens/Labour types cannot ever learn anything and tribal victim Blacks and other religious zealots don't want to learn anything. They are un-interested in learning. Muslims and other zealot types can't learn because it would upset their beliefs. They would become emotional and unable to control themselves.

Julia Gillard "*I will not be lectured to by that man*" as a man hating feminist will only sit around with women's groups all nodding smiling and cackling together and re-enforcing their belief of victimhood - very much like Black Women tribal vice presidents or princess types Megan and Harry.

<https://www.mathplayground.com/thinkingblocks.html>

But my Thinking blocks are a little more fundamental and come after you already have some basic skills and school learning.

Probably **Philosophical thinking blocks**, like

- 1) What is Thing
- 2) What is Not
- 3) What is Same
- 4) What is Different
- 5) What is Group
- 6) What is Order
- 7) What is Measurement
- 8) What is Continuum
- 9) What is Zero
- 10) What is Null
- 11) What is Infinity

And I could repackage my Meta Frames and then do

- 12) Fishers 4 Box Model
- 13) Double Not - Neti, Neti
- 14) Plurality Model
- 15) Focus model
- 16) Group Telos
- 17) Individual Telos
- 18) Equality and Diversity
- 19) Other models

Due Process or What Ever it Takes - the Ends Leads to Justify the Means

At the recent conference <https://www.presumptionofinnocence.au/>
<https://www.scienceandfreedom.org/event/restoring-the-presumption-of-innocence/>
<https://bettinaarndt.substack.com/p/restoring-the-presumption-of-innocence>

I was appalled by the stories of men who had been treated so badly by media, police, judges and public servants. I had witnessed this in my own court hearings over many years and the same names of people involved were coming up. All of these bullies and corrupt officials are still in place and still abusing their positions and getting away with it.

This willful abuse, harassment and demonization of men and rewarding of lying women has been going on for too long. Women are not held to account for their lies and men are locked up and held without trial for so-called "alleged domestic violence"

It is not only the presumption of innocence which has gone for with men but any kind of DUE PROCESS of law or respect of DUE PROCESS by police, courts, and judges. I have no respect for any of the Staff at ACT Magistrates court and that tribal Helen Watchirs and her Staff - Heidi who chose to support the "Victim" in a court process - NEVER AT ANY STAGE THINKING THE VICTIM MIGHT HAVE BEEN THE MAN FALSELY ACCUSED. Instead - Heidi of "Victim Support" demonstrated her

tribal pig-ignorance and corruption by standing with the ACCUSER every step of the way - instead of WAITING FOR THE JUDGE TO MAKE A VERDICT ABOUT THE TRUTH OF THE MATTER.

Helen Watchirs and her staff are on full alert and lookout for the "Victim" and the Victim is ALWAYS THE WOMEN. What corrupt liars and psychopaths abound in the public service everywhere now - not only ABC, and Universities - but everywhere.

Even the idiot prosecutor was worried that the Accuser would be CROSS EXAMINED - the VERY IDEA that an accuser MUST BE QUESTIONED is an AFFRONT to the everyone who promotes the "Believe All Women" mantra. It is like it has become "Impossible to believe" that a Woman would ever lie about anything - after all look at how much SHE CRIES!

Even ISIS Brides are deemed "Not Responsibility" for their part in attempting to establish a Caliphate and kill people. Tanya Plibersek says "ISIS Brides were coerced" - women are "Victims" of nasty men and Men must be punished. Deeply ignorant tyrants and psychopaths like Mark Dreyfuss mandates ever more insane and invasive laws to Demonize men and celebrate permanent entitled victim status for women "Coercive Control".

The feminists scumbags and weak minded men and Canberra are every bit as corrupt and feral as medieval village mobs in their persecution of groups over the centuries. Andrew Barr and the rest of Greens/Labour are up to the necks and wallowing in corruption, lies, abuse and tribal warfare against men.

It has become a massive vigilante campaign against men as a kind of "End Justifies the Means" approach as men and boys are routinely demonized in schools, universities, courts and the media on a regular basis by pig-ignorant "heroic" men and tribal women.

ABS Census Question - Do you like to fuck hamsters?

<https://www.smh.com.au/politics/federal/frustrated-albanese-vents-in-cabinet-over-census-fiasco-20240903-p5k7eh.html> They added he had "called it correctly in the end" and had subsequently made the right decision to include one census question about people's sexual preferences.

Albanese told the room "there is no problem with a [sexual] orientation question", the second MP said, but "we have to have sensible questions going forward" and that there was time to tweak the questions before the census.

"Blessed are the Hamster Fuckers"

The credibility of the ABS is being eroded by feminists and tribal types. Reality and facts is replaced by opinion, belief and preferences - so it is no longer a collection of facts - it is an opinion survey and a vehicle for government of the day to push their personal agendas.

I will not be answering any questions on the census anymore.

Andrew Barr will answer the question because he is most proud of legislating Gay Sex and Marriage, Drugs and Sentient animals (and bankrupting the Territory).

The Greens/Labour narcissistic psychopaths (general criminal types) are looking to see what oppressed groups they can add to the Discrimination Act - Not white men of course but Hamster Fuckers (an oppressed group) , Lesbians and Rap Dancing trans people. Greens/Labour liars and criminals lack any thinking skills - it is not their main strength. They are "Good" people. They believe themselves to be "Good" and "On the right side of History" - they repeat this to themselves and each other in a kind of religious zombie mind state delusion as their regular "Call to prayer" - reinforcing their beliefs so they can go out and Kill more of the enemy - very much like Muslims and other barbarian pig-ignorant types who "Love" their beliefs.

Greens/Labour women and men are all pig-ignorant, tribal and corrupt and support each other with lies and corruption - all the time thinking VERY HIGHLY of their own with and virtue in a kind **SMUG Elitist disdain** for everyone else in society.

As Andrew Leigh has expressed to me and promoted in his passive aggressive smug tribal way "You might not like women and blacks" (Jon you tribal misogynist hater) "But we LOVE them - and ISIS Brides and Hamas Supporters and Muslims". - Them, and Hamster Fuckers.

"See how much Love we have?"

Thomas Hobbes <https://archive.org/details/cu31924028063893/page/n41/mode/2up> For it is **a hard matter for men, who do all think highly of their own wits**, when they have also acquired the learning of the university, to be persuaded that they **want any ability requisite for the government of a commonwealth**, especially having read the glorious histories and the sententious politics of the ancient popular governments of the Greeks and Romans, amongst whom kings were hated and branded with the name of tyrants, and popular government (though no tyrant was ever so cruel as a popular assembly) passed by the name of liberty.

25. https://en.wikipedia.org/wiki/Dissoi_logoi **Dissoi logoi** (Greek δισσοὶ λόγοι, "contrasting arguments") is a [rhetorical](#) exercise of unknown authorship, most likely dating to just after the [Peloponnesian War](#) (431–404 BC) based on comments within the exercise's text. The exercise is intended to help an individual gain deeper understanding of an issue by forcing them to consider it from the angle of their opponent, which may serve either to strengthen their argument or to help the debaters reach compromise
