- De we agree on debating frameworks?
- Can humans stop playing the victim and adopting group narratives.

Preamble

Australia and most Western democracies are now controlled and dominated by ignorant tribal women and black binary zealot types - who lack education, insight, knowledge of history and lack an appreciation of what I would call "Humanity".

This has been getting worse over the last 60 years.

Tyrannical narcissists - deluded into thinking they are "Heroes" in some kind of drama triangle - corrupt everything they are involved in - Politics, Media, Schools, Universities, Libraries, Courts, Law, Charities, Business, Finance Industry, Superannuation, Unions, etc - no part of society is left uncorrupted.

This is similar to many times in history but think "Caligula" in a kind of smug, elite, fat, dumb and lazy kind of overindulged passive aggressive entitled narrative of the elites - who foster an entitled victim narrative to increase their "Heroism" and virtue signaling.

The **Entitled Victim Narrative** dominates women, blacks, religious zealots (Muslims, Greenies, Causists, etc) and weak minded men playing "Heroes" in their deluded imagination - like simple minded indulged tantrum throwing children.

Women (on average) are constantly playing the victim card and attacking men. Women reporters claim to be victims of their work place <https://www.dailymail.co.uk/tvshowbiz/article-13795019/Ten-Tegan-George.html> and corrupt organizations like the ACT Magistrates Court, ACT Human Rights, ACT Supreme court, Family Court and others focus on demonizing men and supporting claims of women's victim hood. In most cases in the media or in courts women are called "Victims" and men are called "Perpetrators" or the "Accused". Orders are made against men *ex parte* in Canberra with the man ever knowing what he was accused of or who he was accused by.

Male boys are on constant trial and under surveillance in schools (and their social media) and told to "Take the knee" to women and blacks and apologize for crimes they are yet to commit or some other "Boy" committed on the Group's behalf. Groupthink dominates women, blacks, religious zealots and weak minded men.

I was thinking of joining the <https://aap.org.au/> **Australasian Association of Philosophy** is the peak charity for the promotion of philosophical research, education and scholarship in Australia, New Zealand and Singapore.

But they- like every organization where women have positions of power and weak minded men support them, have turned it into a **tribal victim mob of non thinkers**. The complete opposite of philosophy in the way Orwell described the "**Ministry of truth**"

<https://aap.org.au/Newsletter-December-2023> Welcome to the final newsletter for 2023. .. The event also provided Eliza and myself with the chance to meet with a group of indigenous philosophers and allies to discuss the next steps in our work towards a Reconciliation Action Plan. Writing and implementing a plan is a commitment that the AAP made in response to recommendations of the Improving **Indigenous Participation in Academic Philosophy** report tabled at the 2023 AGM: aap.org.au/Indigenous-participation . I'm looking forward to working with members and community stakeholders on the plan in the coming year, and to working in other ways

to **increase the diversity and inclusion** of philosophy and philosophers within Australasia. Next year we will also work on a new President's project focussed on **Critical Thinking and aimed at universities, schools and professional groups**. The project will provide us with a platform to reassert the values of proper training in **critical thinking** and of philosophical training more broadly.

The binary, pig-ignorance and tribal victim narratives already dominate school and universities and increasingly so - also science and philosophy.

Wide-spread entrenched pig-ignorant tribal hate filled narratives.

*MAP's mission is to address structural injustices in academic philosophy and to remove barriers that impede participation in academic philosophy for members of marginalised groups. Through our international organising team and graduate student-led network of autonomous chapters around the world, we aim to examine and **dismantle** mechanisms that prevent students from marginalised groups from participating in academic philosophy, as well as to **promote** philosophical work done from marginalised perspectives, and help improve working conditions for scholars from marginalised backgrounds.*

Being A Philosopher of Colour

Calling these people "Critical Thinkers" is like calling Mark Drefuss non tribal, talented, unbiased and intelligent.

See **Article – Feminism Philosophers** <https://humanistman.com/wp-content/uploads/2019/01/Article-Feminism-Philosophers.rtf> **6 years later we have entrenched feminism in all philosophers and universities.**

This abuse of men is supported by all media and governments "Office of Women", "Keeping Women and **their** Children Safe", "Respect (for women and blacks)", Laws, Money, Organizations - a vast corrupt business of hate - very much like the demonization of groups in Europe in 1930's and other places throughout history.

We have large group of grifters - Lawyers and other legal scum , "Experts", Commentators <https://www.dailymail.co.uk/tvshowbiz/article-13801763/The-Project-hosts-stunned-Amy-Remeikis-makes-snarky-Fathers-Day-comment-crap-dads.html>, Anrows, Government departments, Universities, etc - who are paid to demonize men and support designated victims in a constant

judgmental binary drama triangle which is broadcast as news, commentary and education every day as a constant propaganda campaign - very much as experienced by George Orwell and described in his Book "1984" but it has also been observed by many others throughout history.

Too many weak men are going along with this corruption - not only ACT Magistrate Robert Cook (he took sick delight in his treatment of me - what a weak minded buffoon he is), Edwards, (all of the ACT court system) ,ACT Ombudsman North, Politicians, ABC (Board management and staff - David Anderson, etc), etc -because they are either to afraid of the "Mob" , they are pig-ignorant of the consequences and they have been bought and corrupted by the money and prestige that comes from going along with the tribalism and their ongoing support for the tribal victim narratives. They are part of the Oligarchy for an elite group based on the Drama Triangle of "Heroes", "Victims" and "Perpetrators". We see these smug, pig-ignorant, corrupt men in their zombie mind state of delusion in many people including Anthony Albanese Chris Bowen, Mark Dreyfuss, Andrew Barr, Jim Chalmers, Andrew Leigh, Act Magistrates, etc and all the Women in Greens/Labour (on average) and they have become more aggressive and corrupt every year that they suffer no consequences or calling out for their lies, nepotism and corruption. i.e. they will not voluntarily change their behaviour - they are **permanently entrenched Bad Actors** getting worse. (e.g. people like Kevin Rudd and Stephen Smith are gifted highly paid public service jobs well after they have left politics.)

We see this same oligarchy in Bangladesh, Russia, Iran, China, Palestine and many places - where countries are run mainly as oligarchies headed by tribal elites. E.g. Muslims, selected Black tribes, Women, Han Chinese, Marxists and other tribal collectives

Courts do not try to assess the **truth of the matter** - the circumstances of anything - **some kind reality** - not "feelings" or "perception" - they ask "Who is the Victim". This is written into legislation, instructions and other training and media documents as the constant Entitled **Victim Narrative**. Do not cross examine the "Victim" - "**HOW DARE YOU!**" says Katy Gallagher. This is the designated Victim Tribal group e.g. women and Blacks or in other places - Selected Black tribe, Elite power groups, Putin's Friends and Family, Pacific Island Families, Fijians (Indians are discriminated against by law) ,First Nations, Moaris, etc

Apart from armed revolution what aught people do?

I am thinking of establishing a Party for next election called "Anti Kill all men" i.e. I am against the killing of all men as promoted and endorsed by the ABC "Let's Burn This Place Down" types and the Greens/Labour Lesbians and other man hating entitled tribal binary groupthink type zealots. What do you think?

Introduction

There is a *current* glaring example of the price of stupidity on display in the world at the moment. It has been progressing over the last 50 years and has now reached a point of global impact.

Artificial intelligence and Computers in general have transferred the energy cost of human thinking, education, communication and reading in libraries to world wide data and computer centers consuming constant increasing amounts of never ending energy - a constant world wide demand.

From 1990s to 2024 things show no sign of decreasing the energy demands. The cost of this energy has been increasing because of activists tribal zealots who have taken over many governments and most of the world to run a "Climate Emergency" agenda which has the cost of providing energy increasing - a kind of feedback mechanism on stupidity. The less energy you have the more stupid you will be. <https://www.statista.com/statistics/788540/energy-consumption-of-google/>
<https://www.windowcentral.com/microsoft/microsoft-and-googles-electricity-consumption-surpasses-the-power-usage-of-over-100-countries> *Microsoft and Google's electricity consumption surpasses the power usage of over 100 countries News By Kevin Okemwa published 16 July 2024*

People use computers and Machinery to produce vast amounts of meaningless claptrap of corrupt tripe, lies and propaganda - government agencies, media, universities and many others. The cost of their sanctimonious crap is ever increasing.

Whatever the AI machine tells you is "certainty", "reality" and "truth" - fact checked by Facebook pimple faced pig-ignorant babies.

I was at a conference in San Diego (USA) (maybe 2000?) when Bill Gates(Microsoft) lectured an adoring crowd that he wanted all of Africa to have Microsoft computers - This was his vision. **Not this conference** - but the theme continues <https://marketbrief.edweek.org/education-market/bill-gates-ed-tech-has-underachieved-but-better-days-are-ahead/2016/04>

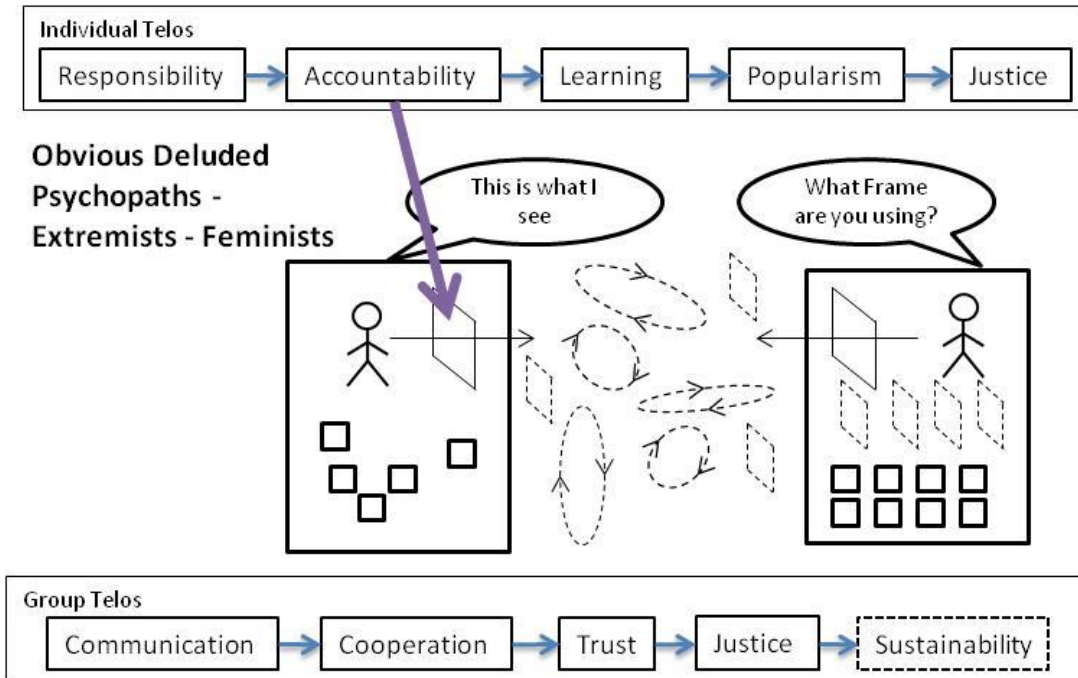

I thought - why not clean water, political stability, health, shelter, self sufficiency, education system and libraries first Bill? (You deluded tyrannical psychopath)

When something as simple as printed book in a library at school and some decent education and discussion at school can take the place of huge technology at much less cost - why not use them? Why put all your eggs in the one basket of "Energy" and "Artificial Intelligence"?

We already have a western world dominated by pig-ignorant Tribalists (Women, Blacks, Religious Fanatics, Causists) Binary types and weak minded men - many who cannot think, read, do simple mathematics or any calculations by hand without using artificial intelligence. But this does not matter to them as they are fully captured and focused on the **Entitled Victim Narrative** and the **Drama Triangle** in a delusional, groupthink, narcissistic 'Good', **virtue signaling** kind of way. A kind Zombie Mind state of delusion.

Three Categories of Debate

I try to frame things around some general high level abstracted frames to help organize thinking and as an aid to communication and debate.

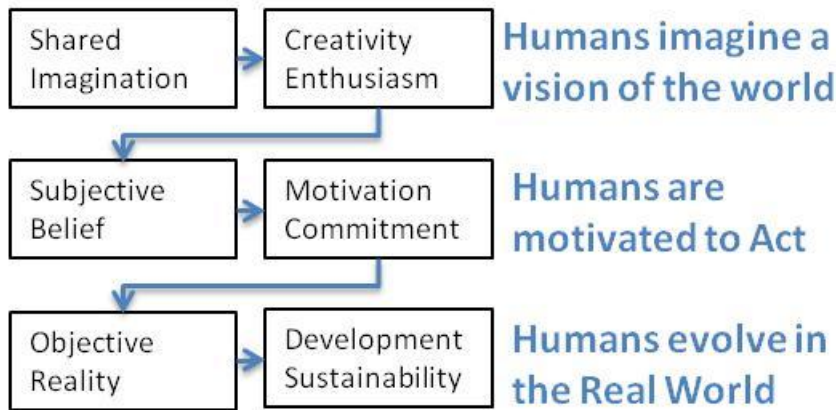

See

A new simple frame has occurred to me which can be combined with my latest (newest) frame on Human Evolution - **Imagination, Belief and Reality**.

Human Lifetime Evolution

So let us think about this - how can we find some kind of useful frame to help supported structured debates - to try to overcome that general jumping around all over the places and debates getting “out of control” - leading to confusion, hate, groupthink, resentment or worse???

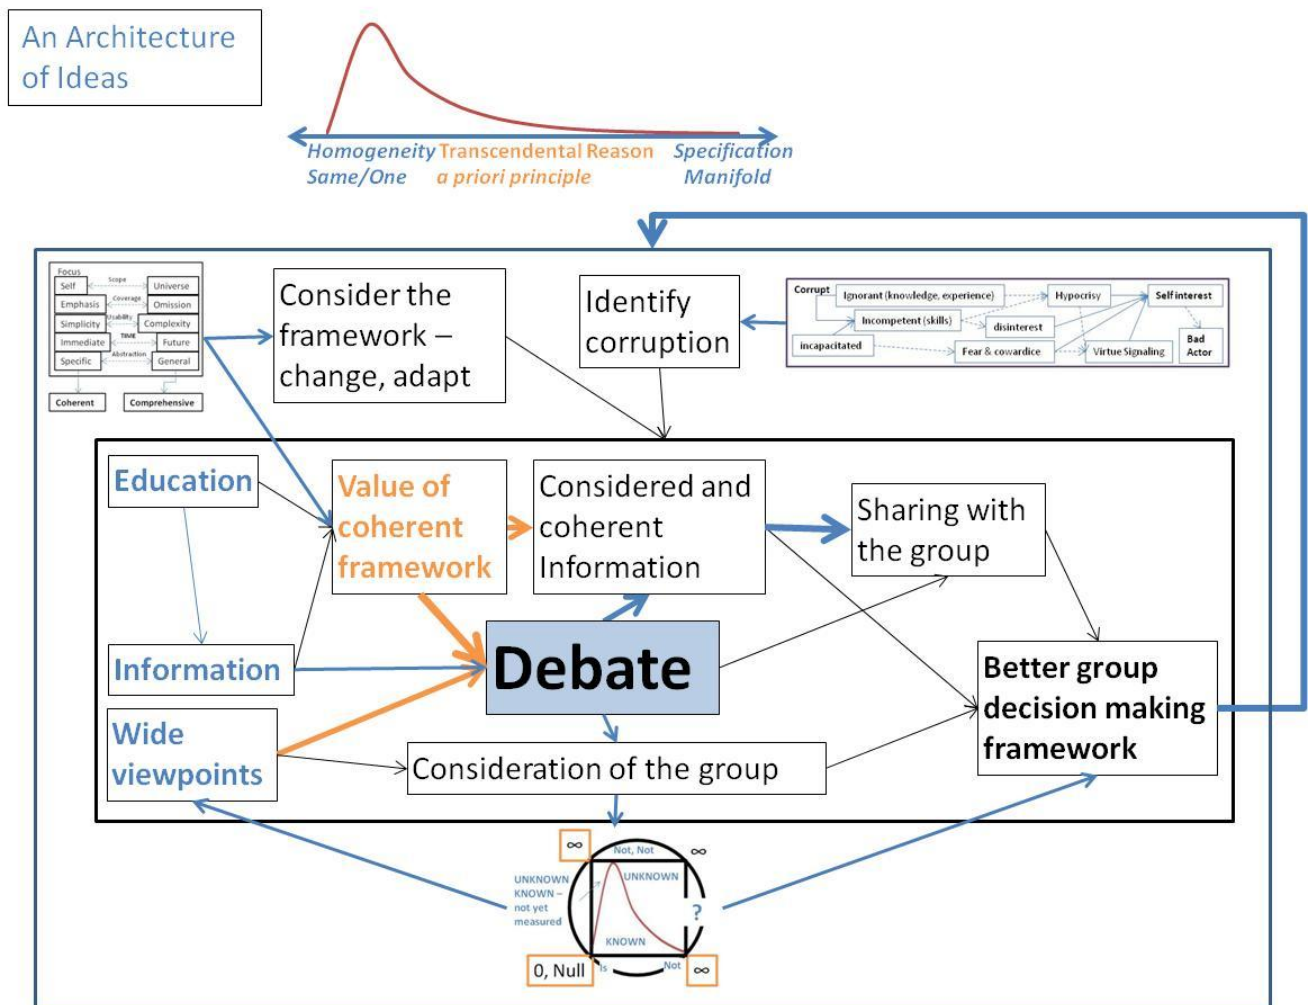

Jonathan Swift <https://www.bartleby.com/lit-hub/english-prose-an-anthology-in-five-volumes/jonathan-swift-16671745-18/> “I have been sometimes thinking, if a man had the art of the second sight for seeing lies, as they have in Scotland for seeing spirits, how admirably he might entertain himself in this town, by observing the different shapes, sizes, and colours of those swarms of lies which buzz about the heads of some people, like flies about a horse’s ears in summer; or those legions hovering every afternoon in Exchange-alley, enough to darken the air; or over a club of discontented grandees, and thence sent down in cargoes to be scattered at elections.

There is one essential point wherein a political liar differs from others of the faculty, that he ought to have but a short memory, which is necessary, according to the various occasions he meets with every hour of differing from himself, and swearing to both sides of a contradiction, as he finds the persons disposed with whom he hath to deal. In describing the virtues and vices of mankind, it is convenient, upon every article, to have some eminent person in our eye, from whom we copy our description. I have strictly observed this rule, and my imagination this minute represents before me a certain great man famous for this talent, to the constant practice of which he owes his twenty years’ reputation of the most skilful head in England, for the management of nice affairs. The superiority of his genius consists in nothing else but an inexhaustible fund of political lies, which he plentifully distributes every minute he speaks, and by an unparalleled generosity forgets, and consequently contradicts, the next half hour. He never yet considered whether any proposition were true or false, but whether it were convenient for the present minute or company to affirm or deny it; so that if you think fit to refine upon him, by interpreting everything he says, as we do dreams, by the contrary, you are still to seek, and will find yourself equally deceived whether you believe or not: the only remedy is to suppose, that you have heard some inarticulate sounds, without any meaning at all; and besides, that will take off the horror you might be apt to conceive at the oaths, wherewith he perpetually tags both ends of every proposition; although, at the same time, I think he cannot with any justice be

taxed with perjury, when he invokes God and Christ, because he hath often fairly given public notice to the world that he believes in neither.”

Maybe if we tried to explain some of the context of debates and communication - set up a general frame - no too dogmatic and general enough to help the debate? Maybe get some general agreement for the common ground rules. We see this is history with things like Trade on the silk road - general norms of behaviour across cultures and language.

An Architecture of Ideas <https://humanistman.com/wp-content/uploads/2022/10/An-Architecture-of-Ideas.pdf>

Some kind of shared understanding or schema which we all agree to use in general, a Custom and Convention.

Encyclopaedia Britannica - Great Books Of The Western World - Volumes 1-54 (Chapter 14)

Custom and Convention

<https://archive.org/details/encyclopaediabritannicagreatbooksofthewesternworld/Encyclop%C3%A6dia%20Britannica%20-%20Great%20Books%20of%20the%20Western%20World%2C%20Volume%202%20-%20The%20Great%20Ideas%20I/page/268/mode/2up>

What are we debating?

First - We can choose to adopt my simple frame work of **Imagination, Belief and Reality**.

Now this frame work is **difficult enough** for **binaries and weak minded people** (Women, Blacks, "heroic" men (on Average)) - especially for those who are completely self-possessed or driven by emotional responses. So the idea of "Reality" needs to be stressed and compared against "Belief".

This is not a simple undertaking and people will go down to a recursive circle - many philosophers (70% or more) do not believe in reality - they believe in self belief in a Post-Modernist Husserlian type of self possession. They choose to remain in "belief" and adopt circular arguments to support the assertions or say "Nothing is real" as a kind of **Nihilistic death cult** similar to Khans, Hordes and Muslims.

Albert Einstein, Dan Dennett, Charles Darwin, Galileo and I **think there is** a "reality" where as Richard Dawkins, Oprah Winfrey ("Oppressed Victim" privileged Black woman) and many others - including scientists and philosophers (70%) **believe in** "Lived Experience" and "My Truth" and a subjective view.

<https://www.goodreads.com/quotes/9819191-i-never-said-that-reality-is-merely-an-illusion-albeit>

"I never said that 'Reality is merely an illusion, albeit a very persistent one.' It is fake news. Instead, one could say that 'The perception of reality not being real is an illusion, albeit a persistent one.' Reality is as real as it gets in this life time. Go out in nature and you will find that reality is the ultimate manifestation of Love. Reality is you and all of nature's kind. It is very real. It is true Love. Because all of nature is a manifestation of Love. And that includes You."

— Albert Einstein

Dawkins who wrote "**The God Delusion**" https://en.wikipedia.org/wiki/The_God_Delusion asserts that God "**Almost certainly**" does not exist also asserts "**The Magic of Reality**" https://en.wikipedia.org/wiki/The_Magic_of_Reality and that "**Free will is a Delusion**" <https://www.youtube.com/watch?v=GmEgFpzianc>

This is like **Carl Sagan** https://rationalwiki.org/wiki/The_Dragon_in_My_Garage who asserted "**The Dragon in My Garage**" is a chapter in Carl Sagan's 1995 book *The Demon-Haunted World* and described how people assert things and then say it means they exist and are "real" then went on to declare that **Aliens must exist** because the universe is big i.e. **Aliens are Real**.

https://ed.ted.com/best_of_web/eX5h4oXo , <https://www.scientificamerican.com/article/how-many-aliens-are-in-the-milky-way-astronomers-turn-to-statistics-for-answers/> . I explained some of this magic thinking/Non thinking in **Anything Asserted Must Therefore Possibly Exist** <https://humanistman.com/wp-content/uploads/2023/08/Anything-Asserted-Must-Therefore-Possibly-Exist.pdf> and Early 1600s <https://humanistman.com/wp-content/uploads/2024/06/Early-1600s.pdf> . Dawkins, Karl Marx and many others (70%) are Binaries - they operate at mainly level 2 thinking and do binary switch routines as they whimsically (and incoherently) change positions.

So maybe we start with imagination and stress that imagination is not reality e.g. if you imagine yourself flying you are not really flying are you? You are dreaming or fantasizing. Imagination is a

good evolutionary trick because it enables us to put together plans which are imagined and see what the consequences might be. Its "Good" to be able to imagine things - a really great idea - nothing wrong with having imagination but it is not reality is it?

So from there we can stress that you can believe things e.g. "*I Believe I am a Good Person*"

Or I believe I am a great rap dancer or fast swimmer - these beliefs can be measured and compared and discussed with some real measures.

It is a kind of strong feeling or basis for you and very difficult to define as Imagined - because **you believe it** - but also difficult to define as a "Reality" in the same way you might describe the Apple that you eat as real. i.e. **it is a Real apple** you are eating.

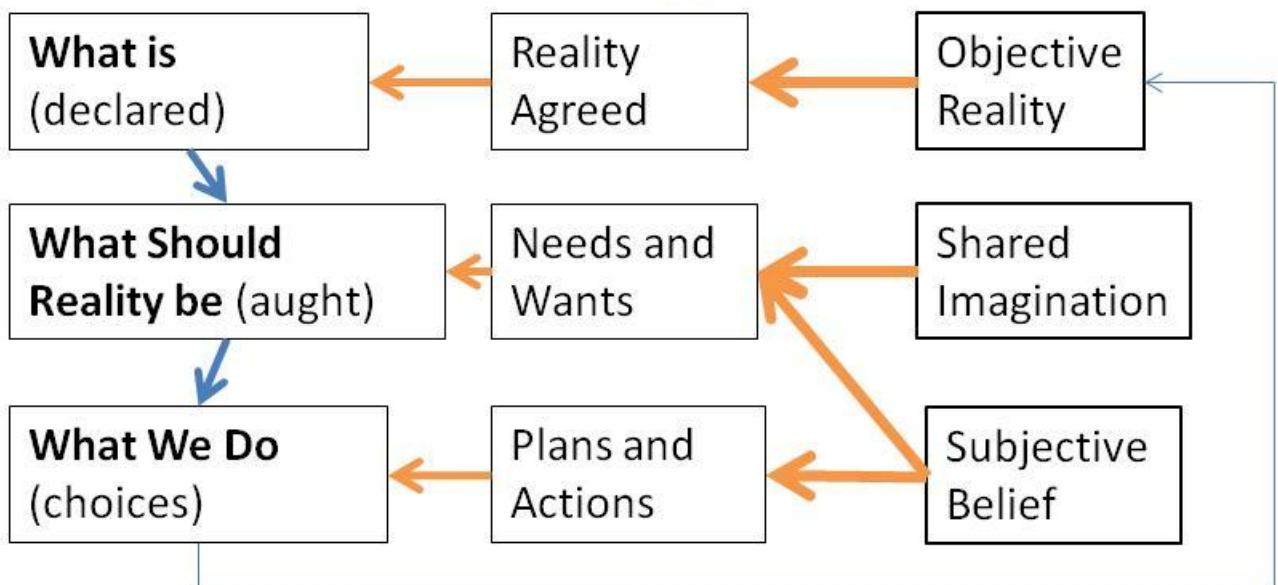

We can objectively agree it is a Real Apple. **You can subjectively believe** that you are a "Good" person.

So this might be "enough" as a general model.

Then we could think about **what we are debating**. This is where I develop my **NEW MODEL**.

- What **is** Reality
- What **should** reality be?
- What do we **do** about it?

What are we Debating?

This model can help the discussion but **TENDS TO BE SWAMPED BY THE VICTIM NARRATIVE people who ignore reality.**

Victim individuals and victim groups (binary group think)

The **corruption of this frame** is mainly my women/black/zealot/groupthink binary type people and other corrupt self promoters to induce panic, hysteria, emotional responses and gain control and power to selected elites. Think hysterical women and children marching in the streets displaying their emotions, panic and hysteria supported by **weak-minded** men. Greens/Labour are always **cynically and deliberately calling out the tribal mobs** and deliberately heightening anxiety and hysteria.

Fat, Dumb and Lazy people are too stupid to investigate reality. They hate it - it upsets their tiny little brains and unsettles their deeply held (**Confirmation Bias, Sunk Cost**) beliefs.

So you have to get back to reality - **what is the reality agreed?** This is the first debate - well before any other category is discussed, otherwise "Chooks with their heads cut off" "Mad as a cut snake" "Cart before the Horse" and other sayings come to mind.

An example of the general corruption (Women, Blacks, Zealots, Religious Fanatics, Binaries, etc (on average)) goes like this

- A) I (Believe) I am an Expert and a Good Person (many people believe I am Good - popularism)
- B) We all must do what Experts and Good People want
- C) Anyone who questions an Expert or a Good person is a Bad person
- D) We must ignore and kill Bad people. See **Stepping Over The Bodies With Binary Certainty**
<https://humanistman.com/wp-content/uploads/2021/02/Stepping-Over-The-Bodies-With-Binary-Certainty.pdf>

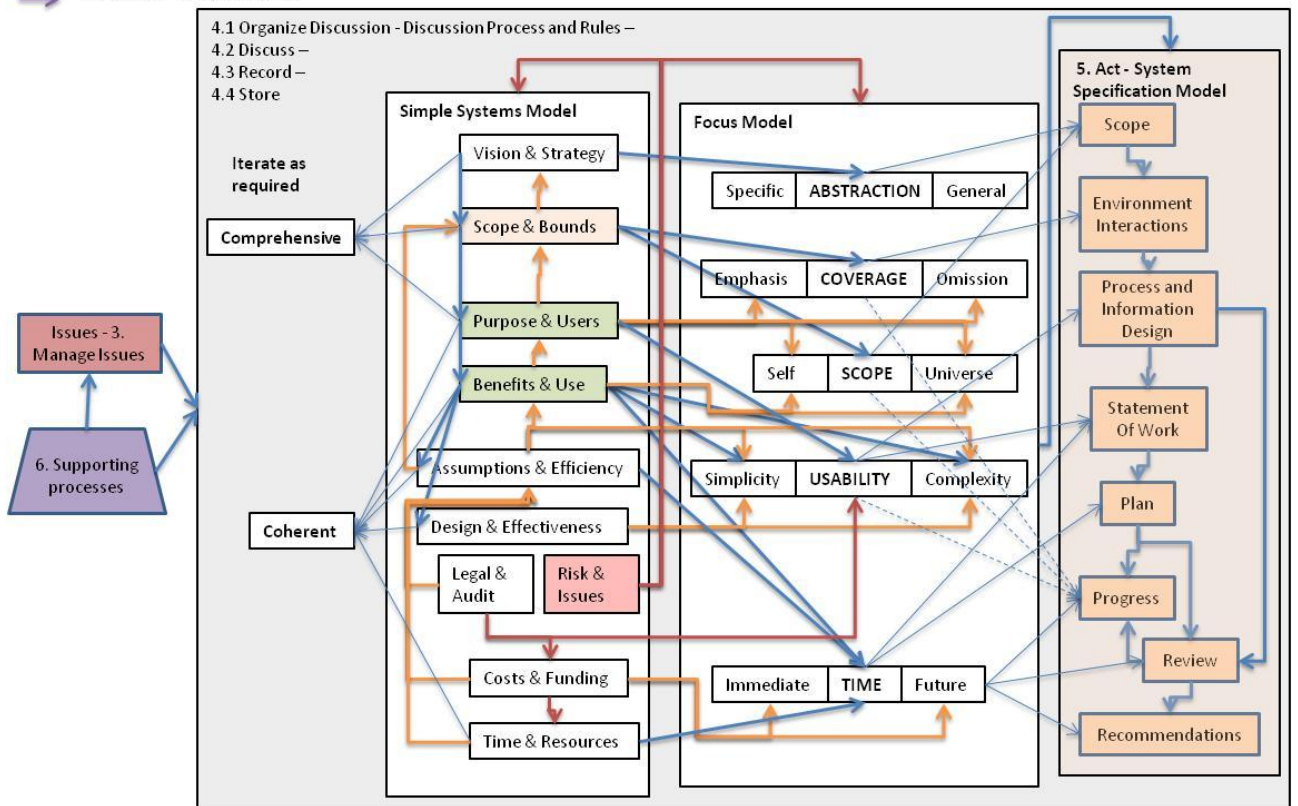

My new simple model could be aligned in more detail to my simple systems model - **but only after the Reality has been verified and agreed**. Please note that the **REVIEW PROCESS** - i.e. let us do a **REALITY CHECK (WHAT IS - WHERE ARE WE NOW?)** is **LARGELY IGNORED OR DELIBERATELY CORRUPTED BY THOSE WHO FUCKED UP or profited corruptly** - politicians, media, police, public servants, courts, elites, grafters, grafters, lawyers, accountants, financial advisors, etc

Think of people sitting around waiting to press nuclear war buttons. Should they care about reality?

<https://humanistman.com/wp-content/uploads/2020/04/15-Humanism-Corruption-Nation-Choice-Virtue.pdf> (page 40)

Conceptual Models - Simple Systems Model – Partial alignment with Focus Model and Process model - 4. Agree - leading to 5. Act

Will, Choice and Action

God's Will - Free Will - "I will do some thing".

- **13-Humanism-Activation** <https://humanistman.com/wp-content/uploads/2019/09/13-Humanism-Activation.pdf>
- **15-Humanism-Corruption-Nation-Choice-Virtue** <https://humanistman.com/wp-content/uploads/2020/04/15-Humanism-Corruption-Nation-Choice-Virtue.pdf>

Richards Dawkins seems to have fallen for the **Argument from Authority** and does not believe in "Free Will" based on his belief of the **Authority of Philosophers**- see <https://humanistman.com/wp-content/uploads/2023/09/The-Consumer-Price-Index.pdf>

Daniel Dennett - What is Free Will? <https://www.youtube.com/watch?v=0hUvEOclqC0>

The "*varieties of Free Will worth wanting*" - we **all make mistakes with our choices** and we are responsible for those choices. "*Get rid of Absolutes*"

"*I will do something*" expresses my intention to take action before I have acted or chosen to act in some way.

I call this my free will.

Ignorant people invented the idea "God's' Will" to explain unexplained events - Weather, Plagues, Volcanoes, Earthquakes, etc. This then became a variety of things - lots of different spirits or magic gods and then the "one Certain God" idea. Then all these tyrant types attached themselves to this and encroached on each individual's choices and actions to try to control - in Dogmatic and Authoritarian ways - all group choice.

Philosophers got stuck on initial self reference and recursion or as Dan Dennett says "Absolutism" i.e. **Absolute certainty** - and could NOT resolve the idea of **will, choice** and **action**. 70% of people **cannot understand the debate** or resile from binary thinking (on average). Things for binaries must be absolute and binary "Cause and Effect" or "Re-action".

See **One Thing I Know With Absolute Certainty Is Absolute Certainty Does Not Exist** <https://humanistman.com/wp-content/uploads/2019/07/Absolute-Certainty.pdf> and

One Thing I Know <https://humanistman.com/wp-content/uploads/2019/12/One-Thing-I-Know.pdf>

The Moses Delusion

See *The three imposters* <https://www.gutenberg.org/cache/epub/50534/pg50534-images.html>

People believe all kinds of things - they believe stories that people tell them. They believe stories that make them feel better and help with their uncertainty, fears and anxiety.

Then people believe people who believe things - *look how this person strongly believes things* - they have so much belief - if they have so much belief then **it must be real** they declare.

They smile and nod all the time. They must be good - I want to believe them.

I quote an online Quadrant article - not to denigrate the writer but to show the example of thinking.

The Road to Redemption for the Lying Left 1st September 2024 Comments (10) Peter Smith
copyright fair use education debate

<https://quadrant.org.au/opinion/qed/2024/09/the-road-to-redemption-for-the-lying-left/>

"...However, by referring to eye-witness accounts, I happen to believe that I am on firm ground. It is impossible to believe that the early Christian martyrs went to their deaths in service of unsubstantiated hearsay. In any event, the eye-witness accounts are but part of the story..."

One of Dan Dennett's **intuition pumps** https://en.wikipedia.org/wiki/Intuition_pump
https://www.youtube.com/watch?v=4Q_mY54hjM0 and things to note is when someone uses the word "**Surely**" as in "Surely you must agree with" or "Surely everyone knows that X is real".

This is like the word "**Impossible**" which is kind of an **Absolute** word - definite fixed bound and constraint.

The key to understanding this in a debate is to recognize it quickly and question the Assumptions, Given and Closely held "BELIEFS" and separate out their **personal subjective** (no matter how "popular" they think they are) **BELIEFS** from **objective REALITY**.

I do not care what your **personal subjective beliefs** are - HOWEVER TRIBAL THEY ARE - go ahead join your local groups BUT DON'T tell everyone else what to do. Or to put another way -

I value your personal subjective beliefs as much as you value mine.

Here are examples.

It is impossible to believe that Australian Governments, Courts, and public services could be so corrupt that they become fully tribal, lie all the time and attack demonize all men on a daily basis. You are mad and delusional and a far right conspiracy theorist to think so. The mob should kill you because you are dangerous. (See Socrates)

Surely everyone agrees that women and blacks are victims.

Surely you want to give free housing to homeless women.

Surely you want to save the planet.

Surely we all believe in tribes and tribalism.

It is impossible to believe that woman made up a story so fantastic about being raped and attacked.

Surely the woman had no reason to lie - there must be some truth to it.

I have no doubt that what I think is correct.

See **Overcoming Tribalism – an Idea of the West** <https://humanistman.com/wp-content/uploads/2024/02/Overcoming-Tribalism-an-Idea-of-the-West.pdf>

Over 70% of the population **DO NOT BELIEVE IN REALITY** or they think that philosophically **REALITY DOES NOT EXIST**.

The Elephant in the Room

Douglas Adams - Hitchhikers guide to the galaxy Alien Spacecraft.

https://en.wikipedia.org/wiki/The_Hitchhiker%27s_Guide_to_the_Galaxy

While everyone comments on the cricket game - the fair play, the mistakes and the rules - the Alien spacecraft is about to destroy the planet.

I was at a conference in Sydney about the **Presumption of Innocence**

<https://www.presumptionofinnocence.au/> <https://tnt.news/shows/presumption-of-innocence-conference/> <https://www.youtube.com/live/gzmEygTvrwE> and while the stories and examples were harrowing - places like the ABC and politicians routinely ignore reality and push tribal women and black agendas.

But it is more than restoring the basic rule of law in my view - the problem is much wider than that. The “Ends Justifies the Means” crusader mentality of masses of men and women who take great delight in violence and mayhem (and the associated corruption and benefits for themselves e.g. stealing, raping and pillaging in the “name of God of certainty” and “Righteousness”) is as strong as it was many centuries ago. The whole of society has been corrupted - not only the laws and courts but every part of society. Get rid of the “Office of Women” and all the women and black tribal agendas.

How much Intervention in Individuals and Families is too much?

Get rid of the Family court, Office of Women, office of Blacks, Women and Black funding, etc, default custody to 50/50 and let parents work it out, defund victimhood and reward hard work. Treat crimes as crimes not “domestic” crimes. Allow individuals to take responsibility remove draconian interventions which have been implemented under the guise of “help” or “justice”.

Making false allegations to police is a crime - lock them up.

Mandate Freedom? The **Ministry of Individual Freedom** - REALLY - DO YOU THINK THAT’S A GOOD IDEA???!!!!

A Facade of Civilization

There is little left except a delusional façade to our western civilization - rampant lies, corruption, tribalness and greed dominate society.

Lawyers, Judges (Magistrate Robert Cook and the rest), Police, Accountants, Public Servants, Universities, ABC, Greens/Labour politicians - fully corrupted and dominated by overpaid appalling

human beings driven by tyrannical narcissism and sadistic bullying tendencies. Bottom feeders and scum.

10. <https://www.aap.org.au/Newsletter-December-2023> “The event also provided Eliza and myself with the chance to meet with a group of **indigenous philosophers** and allies to discuss the next steps in our work towards a **Reconciliation Action Plan**. Writing and implementing a plan is a commitment that the AAP made in response to recommendations of the Improving Indigenous Participation in Academic Philosophy report tabled at the 2023 AGM: [aap.org.au/Indigenous-participation](https://www.aap.org.au/Indigenous-participation). I’m looking forward to working with members and community stakeholders on the plan in the coming year, and to working in other ways to **increase the diversity and inclusion of philosophy and philosophers within Australasia**. Next year we will also work on a new President’s project **focussed on Critical Thinking** and aimed at universities, schools and professional groups. The project will provide us with a platform to reassert the values of proper training in critical thinking and of philosophical training more broadly.”

In any event, the eye-witness accounts are but part of the story.”
